ABOUT THE PERFORMANCE

In MEGA RICH COMPANYs MONEY GIVE-AWAY SHOW, MEGA RICH COMPANY presents the audience with the opportunity of dividing 25.000DKK/2500€ between them through a fixed set of five rules.

The audience are given 1,5 hour and the rules are as follows:

1. No one may receive the same amount unless the amount is 0 kroner
2. All amounts must be divisible by 100 kr
3. All the money must be distributed among the audience
4. The money must not be received on behalf of others
5. The distribution is approved by a 2/3 majority

Through this social experiment we strive to mirror the way money is being distributed in modern, western democracies and place our audience in a microcosmos of the dilemmas and conflicts of interest that our politicians face.

During the performance a host will facilitate the debate between the members of the audience as well as the hands-on distribution of the money, and a financial expert will through sound clips provide the audience with appropriate knowledge to qualify their choice of how to distribute the money.

DESCRIPTION

Is the crisis scratching? Can't pay your gas and electricity bills? The groceries? The rent? The mortgage?

With MEGA RICH COMPANY'S MONEY-GIVEAWAY SHOW, the Danes' economy gets a much-needed injection that can help selected Danes through the crisis.

Do you want to be the lucky holder of 25,000 DKK? There are only five rules. How much are you worth?

"We find ourselves in an economic situation that is unsustainable for ordinary Danes. Inflation is at an unheard-of high level, taxes are rising, prizes are increasing and Mega Rich Company has at the same time had a historically good financial year." says Sigrid Johannesen, and Ida Grarup adds: "That's why we at Mega Rich Company have decided to give away 25,000 DKK in cash. It's the least we can do. All it takes to get the opportunity is to book a place and show up. We look forward to seeing you."

Note: This description can be changed according to local and time-specific circumstances.
